JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

August 20, 1915

the water and sewage laboratory of the State board of health at the University of Kansas, Lawrence, Kans.

7. The fee shall be \$30 annually for each source of supply from which water is bottled.

In case a person, company, corporation, institution, or municipality believes that a decision of the division of water and sewage of the State board of health is unjust or unfair in any matter pertaining to the administration of the rules and regulations herein contained, he shall within 30 days have the privilege of appealing to the State board of health as a whole, and said State board of health shall approve, set aside, or modify the decision of the division of water and sewage.

Fees collected under these rules and regulations shall be distributed over the expenses of collection and shipping of samples and making of analyses, under the direction of the State board of health, subject to the approval of the board of administration of educational institutions.

Schools—Cleaning and Disinfection—Water Supplies—Privies. (Reg. Bd. of H., June 8, 1915.)

Resolved, That the following be adopted as a regulation of the Kansas State Board of Health:

That in the interest of the public health all school houses shall be thoroughly cleansed at some time during the annual vacation and disinfected at such times when known to be infected by a contagious or infectious disease; that the source of water supply be inspected as to its wholesomeness and purity, and that the privies be required to be put in a sanitary condition before the fall term of school begins. Be it further

Resolved, That the enforcement of the provisions of this regulation shall be a part of the duties of city health officers in cities of the first class and of county health officers in all territory outside of cities of the first class in their respective jurisdictions.

MAINE.

Rabies—Importation of Dogs—Muzzling Required. (Reg. Bd. of H., July 28, 1915.)

Under the authority conferred by section 8 of chapter 18 of the revised statutes as amended, the State board of health hereby makes the following rules and regulations, which shall remain in effect until altered, modified, or revoked by vote of said board:

SECTION 1. Any person bringing into this State a dog which, within six months, has been in the State of Massachusetts or other State where rabies is prevalent, shall within two days of the arrival of the dog in this State notify the secretary of the State board of health of the place from which the dog has come and the dog's destination in this State.

SEC. 2. Any person owning, having an interest in, or having the care, charge, control, or possession of any dog which has been brought or has come from the State of Massachusetts within six months, or from other State where rabies is prevalent, shall for six months after its arrival in this State keep the animal muzzled so that it shall be impossible for it to bite any person or animal, and, muzzled or not muzzled, shall not let such dog run at large in or upon any public street, alley, or other public place, or in or upon any uninclosed lot or premises.

Deaths—Transportation of Bodies. (Reg. Bd. of H., July 28, 1915.)

Under the authority conferred by section 8 of chapter 18 of the revised statutes as amended, the State board of health hereby makes the following rules and regulations, which shall remain in effect until altered, modified, or revoked by vote of said board:
